☆☆☆ Writing the Review...

Yesterday my daughter and I went for lunch at the new Chinese Restaurant. The friendly staff served us quickly, in less than 15 minutes. The food was very tasty and the prices were correct. We also really liked the Asian style of the main hall, luckily there were ten tables available for people who had not made a reservation. We had a delicious meal and a good time, which is why my review is five stars. I will recommend them to my friends.
